HURRY! TKGA MEMBER FASHION SHOW WE NEED YOU!

We can use more entries in the TKGA Member Fashion Show for the Anniversary Gala dinner on Friday evening. Not a master knitter? We don't mind! Let us see what you've been making, whether you're a new knitter or your needles came over on the Mayflower! Just tell us if you're a new knitter so we can all encourage you! Finish your newest creation and take a minute to download and send in the [Fashion Show Entry Form](#). Although the deadline for the form has passed, we want to include as many entries as possible – we are accepting some late submissions, so get your forms in right away! We are going to love seeing your lovely knits parade past us.

WE NEED MORE KNIT ITEMS IN THE “SILENT AUCTION”

As you know, our charity for this year's Conference Silent Auction is the Leukemia & Lymphoma Society. Blood cancers have touched nearly every family in America. To help fight these terrible diseases, we're accepting donations of unusual, fun or fancy knitted hats that showgoers can bid on, with all bids going to the L&L charity. If you have an unusual, fun or fancy hat or cap **or other knitted head covering** (use your imagination!) to donate, please let us know right away.

Send in your [Silent Auction Entry Form](#) quickly – you can work on the hat until Conference but we need your form now, if possible. The hat can be original or created from another's design with full credit given! Thanks for caring. Knitters are the best!

IS YOUR GUILD TEN YEARS OLD OR MORE?

If your guild is 10 years old or older and you'll be at the TKGGA 2010 Conference Anniversary Gala, let us know before June 23 that you'll be there (email Debby at djohnston@offinger.com). **We'll have a certificate to present to your guild**, to honor ten years or more as an affiliated TKGGA Guild! (Not sure how old your guild is? Check our records of guilds 10 year old or older on the Guild Login page.)

FALL **CAST ON** ... SPECIAL ANNIVERSARY ISSUE

For 25 years, *Cast On* magazine has served TKGGA membership with patterns, articles and lessons. To commemorate those years, the August-October 2010 issue will feature **25 fabulous new designs by designers who have appeared in past *Cast On* pages!** Because we know you can't wait to see what's coming, we have posters of the garments to be featured. For your peek, stop by the TKGGA booth when you're on the Show floor.

ANTIQUÉ SOCK MACHINE **DEMO** AT TKGGA CONFERENCE

Have you ever seen a circular sock machine? It's amazing! We have scheduled a demonstration of one of these great antiques on Saturday for approximately two hours between Noon and 2:00 on the Knit & Crochet Show show floor. Come and see Laurie Brown of the Circular Sock Machine Society of America show you how it was done 100 years ago! With your badge it doesn't cost a thing to watch.

FREE PATTERN COMING SOON FOR **MACHINE KNITTERS...**

TKGGA Master Machine Knitter Marcia Moran has created a machine-knit skirt and top pattern that we will post soon on the "Machine Knitters" page of the Members Only area of the TKGGA Web site. Marcia has already provided articles on "Finishing" and "The Knitting Calculator" that you might enjoy. You can learn about the TKGGA Master Machine Knitting Program in the same location. Visit the TKGGA Message Board forum on Masters of Machine Knitting to ask questions about machine knitting and the Masters Program.

BARBARA SCOTT TEACHES YOU HOW TO MAKE A CUSTOM SWEATER

In the newest TKGGA Correspondence Course "Swatch to Sweater", popular teacher Barbara Scott works with you to learn how to make a custom sweater. You pick the sweater – Barbara gives you the guidance! It's a great concept, and when you're done, you have the sweater you were dying to make! Check out the details at <http://www.tkgga.com/correspondence.shtm>.

HOW TO GET YOUR NAME IN CAST ON MAGAZINE

Because TKGA is about education, education, education, it is no surprise that in each issue of *Cast On – The Educational Journal for Knitters* we honor those who have successfully completed one of the TKGA Correspondence Courses or the TKGA Master Knitting Program. Want to see your name in print? Sign up today for one of the educational offerings through TKGA – read more at http://www.tkga.com/resources/TKGA_CATALOG_Color020510P2.pdf.

THE LATEST RESEARCH ON YARN

The Craft Yarn Council of America recently released the results of its biannual tracking study of knit/crochet enthusiasts. More than 5,000 consumers were polled via the Internet.

Reasons for knitting and crocheting – “because it’s enjoyable!” was the number one answer! 76% have taught at least one person to knit or crochet in 2009.

71% of those surveyed said they plan to complete more projects than last year; 75% of those who are 18-24 plan to make more projects. 51% buy yarn at least once a month, with the exception of those 18-24 who buy less frequently.

They made an average of 24 projects in 2009 – most projects by those who are 18-24 years of age were scarves. Most projects by those 45-54 were baby blankets, but the favorites of others were hats and gloves, afghans and throws or shawls/ponchos and wraps. Those 65 and over made the most charity items (65%), while 31% of those 34 and under made at least one charity project in 2009.

Ages of the respondents:
18% were 18-34 years old
19% were 35-44
29% were 45-54
28% 55 to 64
8% 65+

Only 13% of knitters never pick up a crochet hook. (Fewer crocheters cross over to do a little knitting.)

GOOD NEWS FOR THE FUTURE OF KNITTING

A teacher in South Bend, IN is gearing up for a repeat of a wildly successful 2009 sixth grade knitting period - with the help of the Helping Hands Foundation/Needle Arts Mentoring ProgramSM (HHF/NAMP). When placing an order for supplies for this year, she wrote: “I held a luncheon for those who are obviously becoming ‘lifers’ [those who’ve taken to knitting like a duck to water!]. I had knitting bags made for them with fabric that focused on our school mascot. One of the girls

just finished her first sock on double point needles yesterday! I just couldn't be more proud of these 12 year olds!" This school's knitting program is just one of hundreds across the country that are supported by HHF/NAMP. These programs help ensure the future of knitting!

Another successful River School Knitting Class!

TKGA guilds can get in on the teaching fun, too. Members of the Creative H'Arts Knitting Guild, CA, taught knitting to children in a River School afterschool program as part of NAMP (see picture).

To find out how you or your group might become involved in a Needle Arts Mentoring Program through a school, an after school group or a community organization, go to www.needleartsmentoring.org.

OK, WE'VE SEEN IT ALL WHEN WE'VE SEEN A SHEEP ON A SURF BOARD!

Claire shares that this was "posted By Ed Andrews On April 28, 2010. In Blog, Surf [Finisterre](http://www.finiesterre.com) has ... a video of them taking one of their special breed sheep out for a surf. The... company has been rearing the rare **Bowmont** sheep in a farm in Devon for exclusive use in future lines. But growing all that super-soft wool is hard work, so Ernie and the team helped one of the flock relax and get in tune with the rhythm of the ocean. Awesome! To watch the video go to: <http://www.youtube.com/watch?v=IUIC79KBfMA>."

YARN BOMBING TO THE EXTREME?

The newsletter's editor warns "Watch where you park your car, be vigilant in your own backyard!"

(from the Long Island Chapter newsletter column "Knitasha the Knitting Maven")

YARN "BLOOM"

The "bloom" of a yarn can be described as the ability of the yarn to "poof" up, so to speak, after washing. So after blocking your project you may see that your fabric looks fluffier or your stitches look more filled in and uniform. That is because your yarn has bloomed. Most yarns will bloom to a certain extent although you will find the most bloom in yarns that are loosely plied and loosely knit. Blooming should not affect the size of your project...but knitting a swatch, then washing it, is essential prior to working...so you can accommodate the amount of bloom, if any.

KNITTING TIPS FROM AN EXPERT

The owner of Crystal Palace yarns has a master's degree in Textiles from the University of California/Berkeley. She has posted some knitting tips on the Crystal Palace website: http://straw.com/cpy/cpy_tips.html.

The topics covered are:

- Why does wool felt?
- What are microfibers?
- Using scrap yarn for sock heel (also known as "afterthought heel")

(from North Coast Knitters, OH newsletter – a few of the "Favorite Tips" responses from a member poll conducted by President Judy Gerson)

FAVORITE TIPS

When using a long tail cast on to make socks from the cuff down, cast on using two needles held together. This loosens the cast on so that the top of the cuff is more elastic. Remove the extra needle when distributing the stitches on the double points. – Kathy Mates

My favorite tip is using a plastic (square type) bread tie to wind your tail yarn around so you don't accidentally start knitting with it. – Linda Cek

For sweaters I do a provisional cast on for the fronts, backs and sleeves, then work the patterns. I do the bottoms later. Huge advantages! I can decide what kind of hem I want later as well as the length and finishing. If I have a limited amount of yarn, I can do the upper sections first then determine the final length based on the amount of yarn I have left. – Miriam Rosenblatt

(from Knitting Guild of Puget Sound newsletter)

IN THIS LIFE ... I'M A WOMAN

In my next life, I'd like to come back as a bear. When you're a bear, you hibernate. You do nothing for six months. I could deal with that. Before you hibernate, you're supposed to eat yourself stupid. I could deal with that.

When you're a girl bear, you birth your children (who are the size of walnuts) while you are sleeping and wake to partially grown, cute, cuddly cubs. I could definitely deal with that.

If you're a mama bear, everyone knows you mean business. You swat anyone who bothers your cubs. If your cubs get out of line, you swat them too. I could deal with that.

If you're a bear, your mate EXPECTS you to wake up growling. He EXPECTS that you will have hairy legs and excess body fat. Yup...I'm gonna be a bear!
